

MEET THE LIAISON

MY BACKGROUND

I pursued my undergraduate degree in Political science with a concentration in Public administration at Norfolk State University and I am currently working towards my master's degree in Urban Education. I have three years of experience working with high school aged students and I look forward to engaging with parents on how we can support their student's needs.

MR. JOSEPH HARRIS

Hello to all, I am very excited to meet you all. I am the Parent & Family Engagement Liaison for Manor High School, and through parent and family engagement events, my goal is to bridge the gap between parents and teachers for the well-being of the students' academic success. I will work towards connecting parents to outside resources that will benefit their students academically, socially, and emotionally.
